"Hard Work Equals . . ."

From the old school and renovations, to the new school, the teachers at this school, are the best that I know of. I could not imagine being in another school. I would like to thank all the teachers and staff for their support, encouragement, and advice; if not for them I would not have survived as well as I did. But most of all I'd like to thank Mrs. Pierce for showing me my niche in life, to her my gratitude shows no end. I had fun, and will always keep cherished memories about this school. Thank you again.

One great big festering neon distraction; I've a suggestion to keep You all occupied. Learn to swim.

To forget any of the people who have an influence on my life over the last few years would be a travesty on my part and I thank you all for helping me be who I am today. Now for the people that without them my life would be a waste: Bobb, Connor, Ryan, your friendships to me over the years have been one of my most prized possessions. I will never forget you guys for as long as I am on this earth. Jodi, the same goes for you; words don't even do justice to symbolize. How much you mean to me. Aime, your friendship over the time passed, your sense of humor, your teasing nature, has all made me a happier person and I love you very much. I wish everyone good luck in this world. To all the rest of you if you truly know me you know how I feel about you, I'll miss all but one of you. Till We Meet Again

Cut me open so I can see, I've been blind for so long. No longer am I unaware of what plagues my sole. I can't see my eyes, eye can't see my I's. Stitch me shut I don't want to forget the pain. A part of me is gone; the page has been turned. I faced my demons and found my I's. Opened for the first time and blind no longer. Opened to be shut again — the cycle never ends. I was born into this world an only child, but I have found my brothers in the best friends a guy could ask for: Connor, Mike, Jeff, and Jason, thank you for being those brothers. Andy, Joe, Tod and all the rest of you, I'll see you guys around. Finally I would like to thank *you*. I'll never forget *you*.

As usual I have left things to the last moment, so instead of trying to recall four years of nonsense that will mean little to nothing to those who didn't know me, I will leave those of you still in school some advice. 1. Expect the unexpected! 2. Possess kindness. 3. Communicate and don't be afraid to love. 4. Enjoy life's beauties. 5. Hang on to good friends; discard the rest. 6. Follow your dreams and heart. 7. Having possessions means nothing when speaking of happiness. 8. Be positive or life isn't worth it. 9. Sometimes we all need a mental health day. 10. Love yourself always. To all my good friends, ***Katie Brengle,*** Kim, Nick, and Brian. I love you all. Simon, Thank you for our time together, it will always be special to me, and I will love you always. Thank you to Mr. R for this time and talent. VJE pride-swing it! MUM AND DAD I LOVE YOU, THANKS FOR EVERYTHING. Casey, stay crazy. Good luck fireboy Cadrin. Watch out for the busses, Soptsylvania? In the words of Shakespeare, "what's past is prologue." These last few years have helped me to begin to pave the way towards my own little version of a most miraculous self discovery, but there's still so much more to live through, to survive, and conquer. The battlefield of life as one might say ... Somehow no matter how anti-climatic this whole process may have seemed, there's a part of me saying — almost whispering-"Never forget the most seemingly irrevelant of moments for those hold the largest percentage of ***beauty*** and importance" ... and I shall do just that ... I will remember ... those moments when you felt your heart would be swallowed by a most deep-seated sorrow, and then those in which joy would so cloud every last inch of your soul that you felt you would never breathe again ... high school ... a combination of all extremes, but these are those I will hold as my memories ... I thank all of my closest and not so closest of friends for the tender moments we have shared, my teachers for the many academic and life lessons they have given me, and my most wonderful family for their boundless devotion and love ... thank you for everything friends and mentors in the game of life ... and so ... the journey continues ... farewell ...

"But it's hard to stay mad when there's so much beauty in the world. Sometimes I feel like I'm seeing it all at once ... and it's too much ... my heart fills up like a balloon that's about to burst ... and then I remember to relax and stop trying to hold onto it ... and then it flows through me like rain ... and I can't feel anything but gratitude ... for every single moment of my stupid life ..." ~ Lester Burnham [American Beauty]

To everyone who has touched me through the years of this high school experience, I thank you. Ms. Welch thanks for your support and your willingness to jump in and help. To Krystle I'm sure we'll see much more of one another before we part for the future and after. We have to, you kept me sane. John, Erica and Jocelyn you have kept me laughing for the past two years, whether it was lunchroom get togethers or spur of the moment short road trips. For Laura all I have to say is I hope you get to cure your curious nature. Maeve, things got tough, and things changed, I don't know how or why but the things that are meant to happen in this life always occur. Take our friendship and the turns we took as you will, and so will I. And to the best boyfriend I never had I love you Paul.

I'd just like to thank all those friends of mine who were there for me when I needed them. You know who you are so I am not going to bore everyone with a long list of names. I'd also like to say goodbye to all my friends, good and annoying. Also for those of you not graduating, good luck with the rest of your high school career, and to my fellow seniors, good luck with life. And lastly for those of you that were there, one word: Twizzlers.

This is the end, this is where everyone goes their separate ways. I will miss all of my friends, u all know who u r. there r a few people I want to thank my parents especially for everything they have done for me. Thank-you for pointing me in the right direction, and thank-you for being firm during the hard times I have given you both. I would also like to thank Ms. Aborn, my math teacher junior yr. for having so much faith in me; without your extra push I would have never been able to pass. I hope to see you all around.

Scattered across a table lay a card of memories One the Cotuit Misfits, rebellious with their silver hair Another held a childhood, laced with ladybugs, nerds, and T .G.I.F.Saturday night dates spilled across another, the darkness of Timber Lane ill uminated by Pineapple soda Shuffled beneath it, hid "That Summer" Wasting aw ay on the next card: nights on Main Street, Tuesdays at ACE. Another card:rain-fl ooded Latin class, thank Gosh for short pants Across another danced visions of E urope,the border questioning, what's the core? One card remarked, There's girls out there! Another attempted to 'get athletic' Swing kids from D.Y. lay on anothe r card, picked up after tap class,One card showed 50 ways to . . . share mentos! Or angina in the bubble world filled another one, and string ensemble soaked thru a nother. Cello lessons palyed thru one more, and the oh!oh!mints! played thru ano ther. Stars twinkled across one,next to the blue moon, and the dancing queen pra nced thru one too The last card showed a wonderful mum & dad. Then a pair of h ands picked each one up and shuffled them,each falling into perfect place, yet wh y now, at the very end, had each fallen so perfectly? *Thanx to everyone~good lu ck*

It seemed like it was just yesterday, that we came into this school as "little freshmen." Although the times has flown by, these last four years at BHS have been the best of my life. To the Golf Team, we had a few disappointing moments, but a lot of great times, I won't forget you guys. Matt R., Louis G., Dan G., Tim M., Jason B. it was a lot of fun. I want to thank all the teachers and staff at BHS who made my years here enjoyable and educational too. MAJ, I know where you work. Go Red Raiders! Paul; what can I say? I'll see you tomorrow, and many times after that. Strat; keep the girls from finding each other out. Taverna; try some coordination games, like twister or something. Riley; not everyone is as open-minded as you, remember that. I know this is where I say cool things about all the times we've had but, it's not over, by a long shot. And I have the memories in my head, where they can't be lost. Paul, this is where everyone else gets jealous because I mentioned you twice, but that's the way it's always been with me, honesty. You're my best friend, I want people to know that. I know you say it doesn't matter what people think of you but I don't care, you are unmatched in my mind. First and foremost I want to thank God for giving me the strength to get this far in life. My family, especially Grandmother Ondina, for doing a fine job raising me, love you. Ale,Alex, and Anna good luck with the rest of your school years. Gatitos (little tiger, and furry ball) I'll always remember you, were ever you are. "Your words are windows to your heart"

The only real thing that I can say about the last four years is that they have been an experience, and one that can never be forgotten or replicated. The last four years have been an experience never to forget mostly because of the people who came and went, and those of you who were there the whole time. First of all I would like to thank my mom for doing more for me than you will ever know. And my dad, who wasn't always there, but I know always cared. And to my sister who drives me crazy. And Mr. Halpin, thank you for all of your help. And to my friends. Keith, my best friend, I miss you. Lindsay and Crystal in Woj's class. Mike and Hailey in Spanish. Sarah, Aimee, Christina, and Michelle, Alison, who's affraid to cross traffic. Andy, Maxie, and Paul. And finally to my Ryan, who keeps me sane and is always there. I love you all.

"Good Times" with . . . Al, Brian, Elliott, Dave, Sam, Mike, Will, Erik, Igor. I have had a great four years with all you guys, I have known some of you longer, than others but you all have made a impact on my life. I will never forget Dave slipping, Al and all the ladies. Late nights after Kung Fu with Elliott and G. T. Al and the Seagull. Brian with the lump. Sam the bodyguard. Will and fishing on the piers of Oyster Harbors. Erik riding down by the canal with Chris. Biking to Hyannis all summer. Living out of the basement. Paintball with Erik and Brian. Going for late night swims down at Joshua's. Al friends with Chinese. Going to the drive in. Elliott the night after the bowling alley. Dave and our movie talks. Elliott and riding the bike into the pond. All the girls. And most of all Al's story's. I won't forget any of you, thanks for everything and I wish all of you the best of luck.

I can't say that high school has been the best four years of my life; if it were, I'd say that the future looks pretty bleak! What I mean by that is I hope that my life and that of everyone else in the class of 2001 *continues* to grow and develop, and that every new year is better and more satisfying than the last in its own way because if it isn't, what's the point? There have been lots of fun times though: plays *(Bye Bye Birdie, Mame, Wizard of Oz, Sullivan and Giblert, As You Like It, Guys and Dolls),* music, art, friends (IV),jobs, teachers (thanks Mrs. Lopes!) . . . it's all been great. And, of course, let's not forget our chi in Iowa! I wish everyone luck with what the future may bring and hope you enjoy every bit of it!

More than three years have I been in this wonderful school. During that time, I have spent hundreds of hours' worth of learning from my teachers in different subjects and working as hard as possible to keep good grades in most of my subjects. Not only did I learn much, I have had great experiences with both teachers and fellow students. Many of them, including my tenth-grade English teacher Miss Rockwell and my computer programming teacher Mrs. Kolnos in eleventh grade, were really helpful to me. I really respected their kindness. Now that I am a senior, I will graduate soon but I will never forget this place.

telling lies to the children is wrong. the only reason i feel secure is that i am validated by my peers. the hangman says "who's next" and everyone pointed. God didn't promise tomorrow. he had won the victory over himself-he loved big brother. hacky sacking is not a crime. although they claimed to be wise, they became foosl. join the army, travel to exotic nations, meet interesting people, and kill them. jared — whatever you are doing it must be better than this was. anonymity fuels the flame. insomnia. don't desire what you don't need. rebellion is always around the corner. the gov't lies to pacify the masses. i care. don't trust me. trust everyone, because one more rejection isn't going to make that much difference. smile as if nothing's wrong. tell them you are just fine. do as i say, not as i do. dream. enjoy. work a 40-hour a week desk job. i'm not original. live. when is your last hour? give up. there is an explanation for everything. don't have fun. watch your step. be honest with yourself. be normal. be average. "If you love him set him free, If he comes back he is yours If he doesn't he never was."

Many people thought that I would never make it this far. Many said that I would. I knew it all along that I would because I know me. I may not be the popular one in the crowd. I may not be the jock. I know what I can be and I know that, that is me. You may not see me as a friend; you may not see me as an enemy. Hopefully you see me as a person because that is what I want to be. I would like to thank my mom for believing in me. Being there for me. And being my best friend. I want to thank the rest of my family and friends. If it were not for them I wouldn't be here right now. You all know who you are.
THANK YOU

I have had a great life and wonderful opportunities. So many things have contributed to the person I am today. For all of it, I am thankful. First thanks go to my family. Rya, Mama, and Meme, your ever present wisdom, guidance and love has helped me achieve my many successes and accomplishments. To my friends kept, made, and lost. Presently, or in the past you were there for me. I appreciate all you have shared with me and all you have let me share with you. A special thanks to God and my Unitarian church, First Parish Brewster, who has helped me discover myself and given me purpose throughout the trials and tribulations of adolescence. Through you I have found my artistic and musical side. When I was lost, you showed me the way. To the guidance counselors, administrators and all the teachers of knowledge, new and old, thanks for the care and effort you exhibited in equipping me with all the information my potential could handle. You did a great job. My sincere apologies for all those I forgot on the paper. You are not forgotten in my heart. PEACE and ONE LOVE!

Well 18 years gone, and millions to follow. I'm not sure who to thank first. Chris and Greg, you keep my world spinning. Everything I don't understand seems to be somehow related to you. Brenda, you're a good kid. Thank you, especially junior year. AZ KS JG KD JK FP AM ML EB AMac LG CG CL & the Bournies, thank you. Weezer, Wick, and other concerts. Music has helped me define myself as a person. Matt, you taught me the guitar, and you brought emo into my life. More than that, you're a good friend, and when Wick is famous, I'll be waiting for my chair. Bobby, you're my best friend. I know it seems like we've accomplished nothing, but we've done more than some people do in a lifetime. We don't quite have America figured out yet, but we're on our way to leading happy lives. We've figured a lot out together but in college we'll be apart. Even if we fade, our lives started here. I'm not sure where I'm headed, I don't know why I'm here, but I won't waste life. Sometimes you have to be up in the air in order to find the ground. Thank you, Dani, Mom and Dad

So much to say in so little space. These past 4 years have gone by so fast! Part of me will miss Barnstable, but the other part — moving on to bigger and better things. Drama Club, 97-01: Great plays and ski trips. From the Haunted House, down the Yellow Brick Road, to Joseph and the Technicolor Dreamcoat — good times. Will never forget fun at Sugarloaf (and the frostbite on the 2000 trip). Swim Team, 99-01: Gage the Rage, Mahler the Nailer, Gilmore, and all the others. School records and memories will last forever. Dave: Rope swinging and bridge-jumping in the summer. Hey Leigh! (cadet with reflexes of a dead cat) Mini-golfing, bowling, and drinking too much Coke at the movies. Friel, arrgh! Cruisin in the Big Money Ride and the Green Machine. Chris (Do the Vampire) and Bobby (BP are you with me), good times at drama and in Broadcasting. Quel up Nate and Jackson? Vive Le Poulet! Finally to all the others: teachers, family, and all my other friends and the rest of the Class of 2001! Thanks for 4 great years and good luck . . .

What, what, is it really over? 4 years of homework, other people's lockers, eating at Star Market, and staying after way too long for drama. Thanks to teachers, friends and family who have helped me along the way. Star Parties, the Haunted House, Mixfest, Blink 182-John, is that van on fire?, Frozen Girls Club, Late nights at IHOP, Disney, swimming after LWW, Leaving our CHIS in Iowa, Battleship Cove-all were great fun. Getting lost with Leigh, talking with Ben, bowling with Jeremy, Girls Night Out with Holly, Bridget, and Leigh, and PC conversations with Matty Moore-I had lots of fun, but its time to go . . . quick as a moose, silent as a fish I am gone. Bye Bye.

Well, here it is, senior year. The last year of high school and the year before college and a whole new life. To my parents, I love you guys and can't say how much you've pushed me to achieve although some tough times. My teachers for giving me the knowledge and experiences to go. And finally, all my friends, I love you all so much. If I didn't list you it doesn't mean I don't love you. We've all had fun times through the years. Helping to remodel the Knight Auditorium. Bus rides from hell spent at truck stops for more than a day. Scuzzy hotels in the middle of Dayton, OH. WP trips that were so much fun. RS, AB, AM, SOB, day at the beach with a boiled lobster frisbee and the neelbe foof. Cruisin in the jeep/isuzi down back roads. Many nighs spent in the close company of friends. AG singing on the field during practice. The tenor squad rules. Well, it has been an awesome four years, and this year shall be memorable too. Good luck to everyone, always stay in touch.

I don't glorify or discredit high school. The time spent within the school was often stress-inducing, tiresome, and aggravating — socially and academically. Despite, the time lived was fulfilling to who I am: a wanderer, worshiper, lover of leaving. I accredit and give thanks . . . First to art: the outlet that became my introverted therapy. I give thanks for inspiration and those that have showed me how to express it. Then to my parents . . . I am my mother's compassion and my father's intellect. I value your support. To my liberal beliefs and YRUU . . . They have given me strong morals and a community of people to love. To friends . . . though you like to prove me wrong, I won't stop being vegetarian. To Ben Kolnos . . . My long-time friend, I love you for your advice, for the shoulder when I needed it, and for your courage to be my vault. I couldn't aks for a more honest friend. To Bridget Curley . . . The person who made me realize there is a life to be had in school. Thank you for your love and your drama, and for having given me a piece of myself. Many memories and laughs. Thanks. This is so long but not goodbye.

Not many people reading this yearbook ten years from now will remember me. In my better moments, even I forget me. And those who remember will essentially be remembering a phony. But I'd like to thank those who have given strength for the real me to make it past high school and a huge step towards the adult world. Thanks to all of my fine Mathematics teachers, and Mr. Beer in particular. You've made the most essential part of my education a fine experience. Thanks to Mr. Munroe for his teaching skills, his mighty attempt at translating the words to "Vas Plus Haut," and loaning me the $8. Thanks also to Dr. Auger and Mr. Buckler, probably the 2 best science teachers ever. Thanks to Mr. Wollak, Mr. Wollak, Mr. Turner, and Mrs. Silvestro, all of who pushed my limits without exceeding them. I offer a special thank you to Diana-the top hat is still in its safe. Best wishes to my Algebra comrades- Tim, Mike, Annemarie, and Tom. Salutes to Mr. Gorill(I've enjoyed the musical chats, too) and the whole River 2000 Team(including the graduates). And thank God, who made it all.

Wow, it's finally been four years through this place. Hard to believe it's gone by this fast. I'm sure that we'll never forget this time in our lives. I know that I'll never forget some of my experiences or some of my friends from high school. I'd like to give a few shouts out to some of my friends like slacker and da piece, Justin and his taste in women, will and those trips up to taunton, friel and his giligan-like mistakes, 1pa and his always listening, Jeff and his putting up with our crap, Bart and his cowboy hat (which I will get) and Jess for not attacking me after what I put her through. I'll miss everything that we did here and hope to see everyone again in the future. And if you haven't realized yet BHS is an awesome place.

To all my friends, good luck wherever you go and in whatever you do. Thank you to all my teachers. Ms. Eastman — thank you so much for all your help during my junior and senior year. Girls Tennis — you guys are so awesome — I am glad I had a chance to meet all of you. Mr. Donovan Lauren M. — you are one of my best friends in the entire world. I'm sure you will excel in whatever you. Remember what Terosasuraus said, "glucose is the answer to everything." Kristen H. — have fun in whatever you decide to do. Rachel H — have fun during the rest of high school — it will be over before you know it. Mom and Dad — I don't even know where to begin to thank you. I love you more than anything else — you are both the greatest thing that could ever happen to me. Good-bye, Barnstable . . .

"Nothing here remains No future and no past
No one could foresee The end that came so fast
Hear the prophet make his guess That paradise lies to the west So join his quest for the sun"

Jaymz Eirik Purtle

So now it's over. I'm finally finished with you, Barnstable High. I don't need to worry about missing class or feel bad about not living up to my "potential" anymore. I look back and realize that this school wasn't for me. I didn't turn out to be an ideal worker bee. Don't get me wrong, most kids and teachers here are great people. I just don't see myself fitting in the world school has left me to rot in. I'm being forced to "grow up" in a society I despise. Well, I don't plan on bowing down and taking responsibility like a man. You shouldn't either. Don't let this world hold you down. It's a free country. Exercise that right and be whoever you really are. Allow no one to dictate what you should be. Now I want to give a shout out to all my friends for being there and keeping me real. I'd also like to thank Barnstable High School for passing me. It's been . . . educational.

I moved to America from Pakistan (near India) and to this high school two years ago. Everything was different from Pakistan. I had never ever seen an American school before coming to Barnstable. There was nothing familiar, not only the school, but also the Cape itself; I used to live in one of the largest cities in the country. I thought that I would not be able to adjust here. it was not easy, but slowly, thanks to my peers and my teachers I was able to adjust. High school is going to be a memorable experience for me. I thank my parents for this memorable experience and their support.

I'm really surprised I made it this far, I really am. And the thing is, it really does seem like 12 years of school, it seems even more, in fact. Like about 30. I feel like I've been in school for 30 years, and I'm itching to get out. How did I make it this far? Well, I'd have to say that my friends were the biggest part. Jason — Waht are you, cow? Moo. Stephanie — You're so great, I look forward to every minute I spend with you, Cutie. Brian — It's all gravy, baby. Andy — Keep working on that "F" chord. Sherry — What about the yearbook? Gunnar — Keep thumping those bass strings. Barnaby — How did you get to be so Irish? Chris — Keep on rocking. Connor — THAT'S EXACTLY WHY I CAN PLAY BLACK DOG! Earl — Harcore Flips 4 eva.

The fact that I'm a senior hasn't really sunk in yet. As I write this, I realize how special high school has been for me, I've finally found a place where I fit. I may still be talked about, but I'm being talked to as well. To all my teachers: thank you. To all my friends/minions: you know I love you, you were there for the inside jokes, so I'm not going to rehash it here. To my darlings in the Class of 2003 (you guys know who you are): you're taking me to your senior prom. I've loved it here at BHS, and there are so many great memories: Speech and Debate, Shakespeare . . . I won't attempt to list them all. I'm really going to miss this place . . .

Fist of all I would like to thank God for my life. Years of wondering, and years of waiting to see what lies beyond these doors. I'm ready to spread my wings so that I can soar. There have been many classes, many books, many test and different experiences. I thank Mom and Dad for their help, support and encouragement. Thanks to Mrs. Sands for everything you taught me and for all the extra help. Also thanks to Mrs. Calson and Mrs. Smith and all the teacher I had over the years. Also a very special person, my boyfriend Serge, thanks. Thank to RJ, L.J., N. F., N. F., EU., J.N.,Mr. O., O.J.S. Thanks to all of my family for all their love.

"Your learning is useless to you till you have lost your textbooks, burnt your lecture notes, and forgotten the minutiae, which you learnt by heart for the examination."

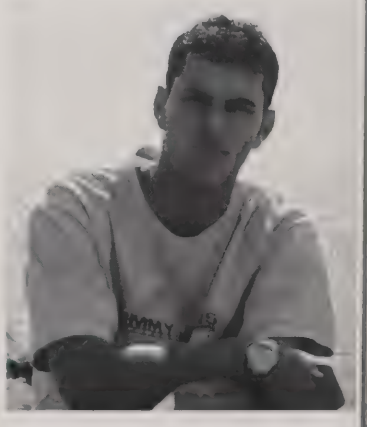

The quote was written by Alfred North Whitehead. I'd like to start off by thanking My parents: without them I would not be where I am today. I love you. Now to Boogles, Ben-Sama!, Shell, Matt Riley, Eric B., Sid Jud, Craig W., Paul, Snoop "A" Doop,. Subliminal messages tied to wasted money are pointless, so grow up. Akuma is better then Ragu, there is no debate, and I have plenty of skill. I'd like to thank the teachers who helped in furthering my education. I'd like to say that Cape Cod is a great place, but this message is not as meaningful enough. Go DHS! Matty boy, you know what it's like. And although we were here, what 8 years, still not feeling that comfortable. Ben I'm gonna find that t-shirt that embodies your attitude. I'm sorry for what happened to that poor computer chair. Brian, Snoop "A" Doop. Veal and Sam Go well together. Good bye BHS.

Sometimes no matter how much faith we have we lose people, but we never forget them. And sometimes it's those memories that give us the faith to go on.

I'm going to start out by saying mae, pai pronto consegui, come a force e ajuda de voces eu consegui conquistar essa jornada que pareceia nao ter fir. Mae, pai eu amo voces do fundo do meu coracoa e espero que voces sempre estejao la para lutar por mim porque eu sempreestarei la para lutar por voces. Muito obrigado amo voces. Yo brother you're my best friend and I'll always be there for you just like you were always there for me. I love you baby brother. Meilene I'm sorry about what I did, i never meant to hurt you, I went out with you for a yr and a half and I have some beautiful memories of us. Sometimes no matter how much faith I have I lost you, but i never forgot you. And someetimes it's those memories that give me the faith: to go on and still fight to get you back because I can't see myself without you. You're the best thing that's happened to me and you're the reason I'm graduating. Thank you, I LOVE YOU. Paulo you went from a little punk that thought I was crazy to a young adult that still thinks I'm crazy. Well now you're in college and you also got the girl and the ride. I've taught you well grasshopper. And like Mark always said play on playa. Jim Wojo. Dog we sure had a lot of fun, remember Heather's party that night, we were done. High school is finally over, it sure was a lot of fun. I ran out of space whatup to you all, you know who you are. Now that it's over I'll miss it, hope to see you all in the future. PEACE I'm out.

It's been fun but it's time to say our goodbyes Eric, Calvin you guys rock, Brenda it's been fun having you for a sister, Matt I hope you choke . . . just kidding man have a good time, all you skater kids you know when to leave before the cops get there. It's all going downhill from here, I can stop I can't control, Where's the remote, I never knew I knew you, how many times do we cross this subject, ten more minutes of rambling, everything gets confusing, when will I land that, how many times will you peel out, ten fold on your head, this is getting scary, sometimes things happen, happiness is what you make of it, reach for the sky, BANE ROCKS, Tony Hawk II, One of these days two plus isn't gonna equal four, happiness is what you make of it, keep on saying it, Who are you?, will I ever find you again, were all pawns in this giant game we call life, destiny isn't real, down with Americanization down with monopolization and down with the popularity contests, on this rate in twenty years were all gonna look the same anyways.

As time goes by we start to realize our dreams. Each step of our life holds new dreams and in the future we'll see them come true. Though many obstacles show up in our way which make us feel tired and discouraged. God make us strong enough to go on and on until we reach our objectives. When we allow Him to become part of our life, He's the one who will direct and protect us. Life is made up of dreams and reality. ***A man's heart deviseth his way: but the Lord directeth his steps.(prov. chap6.16-9)***

I want to thank Mrs. Sands for all her patience, help and hard work. Also I want to thank Mr. Sullivan for welcoming all the Brasilian students into his wonderful house A. And I can't forget to thank my parents, who supported me and all of my ***Real friends*** who hae been truth. (Dayana, Stella, junia, Jr. MN, and Car Clayton). Four years of memories and lifetime to come: good friends, a toast to life, to our experiences, to our well-being. May we remember the good and bad times and be thankful for all. And let not the sands of time dissolve the bonds we have made, let these days be our everlasting moment to who we are and who we will become. 3 years of Terrorizing Spanish teachers ex. Ms. ob, Lifeguarding, grandslam at Vets, Drama plays and Shakespeare, Winter track, College Chemistry Crew, Meredith B. sailing team, class officers and student council, Mom & Dad, words can't explain my gratefulness, Football games, Junior Cruise, Trash talking at Volleyball games, Great Bluedini, 00' Prom, Bridget: you will always be a part of me, word to my Jewish pals, esp. the Goldens, star party at S.N., thanx to all my fellow overachievers, may all our work not be in vane, Thank you to all the teachers who dedicated time and energy to help me grow. As I sit here reflecting on high school I am one to say that it has been vary hard for me. I moved here to Massachusetts at 15 and nothing has really been the same! I want to thank all my family and friends who stood by my side and would not let me give up on anything. You guys are the best and I love you all very much!! To my family, thank you for everything! You stood by me in tough times and I am grateful for that. To my friends, good luck in life and follow your dreams whatever they may be. What a long strange road it's been. That's one way of describing high school for me. I want to thank everyone who has been there for me. You are the most important people to me. Rori, I'll always stand by you and hope we'll be friends forever. You are more than just a normal friend to me. You were always on my side. I'm still wearing your bracelet, Debbie. I'll always remember you. I hope you are always happy, Lisa, because that's all I ever wanted for you. Morgan, thank you for caring about me. Someday I'll beat you in basketball, Chris. I admit it, Jodi, I do. You're the best. It's ok to be short, Ash. You're still cool. Jen, watch out for that rifle. Give me the koosh, Danielle. I also have to thank everyone in guard, band, and drum line. I just had to say thanks for accepting me. I wish you all good luck in whatever you may do. To all my friends that are reading this, if you ever need anyone to talk to about anything, I'm always here for you. Unless you're trash talking me: then I might not appreciate it. Whenever you may think of me, I hope you think of me as a good friend and someone you could talk to because that's all I ever try to be.

In Our Hearts Forever

Tom Hedlund

Some things in life,
Are rotten and just unfair,
Some people get a good run,
Others just don't get their share.

Life doesn't last forever,
Sometimes it's cut way too short,
Try adding up the logic,
And at times it'll come to naught.

You would do anything for anyone,
You would give them the shirt off your back,
You were kind, generous and caring,
They were qualities that you never lacked.

And some people live their life,
And they get their three scores and ten,
But some don't get to leave their mark,
And others die lonely old men.

But you will always be remembered,
I'm sorry that you were cut in your prime,
There can be no other explanation,
Other than it was simply your time.

And everything for a reason,
Even though it's not that clear,
But your spirit is with us,
You will always be near.

And so life must go on,
Just like it has done before,
Just know you'll always be with us,
Yesterday, now and for evermore . . .

-From an Allen Jesson poem

Sam David

Jesus said:
"I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live: And whosoever liveth and believeth in me shall never die. Believest thou this?"
- John 11:25-26

We want to thank you for helping us to get through this hard time. God bless you!

Senior Captains Ashley Atkins and Betsy Campbell

It was another successful year for the BHS volleyball team. They ended their regular season undefeated at 22-0 and captured the Old Colony League, along with the ultimate achievement — a state championship. This year's team was led by co-captains Ashley Atkins and Betsy Campbell along with seniors Kate Acton, Shannon Eagan, and Brenda Raitto. With a legacy of success behind them, the team had planned on recapturing the title they lost last year to North Quincy. "Our goal this season is to win the state championship and rightfully gain back the respect we deserve," said Ashley Atkins in September.

Like other teams in the past, they base their success on teamwork. "I think the reason we're such a strong team is the fact that we all like each other so much, and most importantly, we respect each other," noted Kate Acton. To judge by their record and the scores of the games, it seems to work.

The Raiders faced tough teams this season but came out victorious. "We look at every game as if it gets us closer to our goal — to win a state championship," Betsy Campbell said with fire in her eyes.

As co-captain Ashley Atkins stated, "It's been a great four years. I've learned so much about life and how to be successful in life. I hope the tradition continues for many years to come."

enior Co-Captains: Kathryn Norton and Lindsey Olander

This year's field hockey team was the most successful in Barnstable history. Our thirteen seniors accomplished an undefeated regular season (15-0-4) and made it to the South Sectional semi-finals. We clinched our third straight OCL championship with seven All-Stars: Kathryn Norton, Lindsey Olander, Lindsey Grimes, Cailin Dwyer, Jennie Scudder, Molly Vollmer and Jackie Ballou. Lindsey Olander was also voted the best player in the Old Colony League. We were more than just a team, we were a family. No one wanted it more, and in our hearts we are state champions. Senior co-captains want to thank everyone for the past four years and the best season ever!!

Senior Co-Captains Kate Klim and Kate Lyon

Girls Cross-Country, the 1999 Division 1 State Champs, started out with a BANG this season, winning the Amherst and Bay State Invitationals and defended their Old Colony League Title. The team gained four rookie seniors who added their strength to the powerhouse team.

Senior co-captains Kate Lyon and Kate Klim both reached their personal records this year at the home course, Hathaway's Pond. Senior Carrie Golden, a five-year team member, set her personal record as well. Kate Ziemba and Kelley Brocato immediately were added to the varsity top seven and were key factors in the team's success.

The highlight of the team's season might have been their victory over archrival Falmouth. The girls beat the Clippers 19-40, although they were short one Kate — Lyon. Kate L. was out with an injury, but the team was able to fill her void and leave Falmouth victoriously.

Special memories: Sebastian and Sebastia, Spaghetti suppers, the injury bug, the Bomber, Kate Lyon- — enough with the boys, Guess Who's Back?, that darn CHI, phenomenal woman, KC and Buckenator, "squeezing it out," long run stories, the Peach, Dave Clark 5 and Butler, little Driscoll and Frisky, see you later!, Good luck Team 2001!

Congratulations, OCL Champions!

The 2000 season has been a big success for the Raiders cross-country team! They finished with an impressive 6-1 record behind the phenomenal running of Jeff Way. Jeff was among the best runners in the league and the state; he was honored with the OCL all-star award. The team finished second in the OCL, and ninth in the state class meet, but ran to an easy victory in the OCL league meet. Another dominating runner on the Raider squad was Louis Golden, who just missed being an all-star, despite his very impressive season. Coming out of nowhere this season was Matt Clark who established himself as a top sophomore in the state and an overpowering runner within the league. Despite being plagued by injuries, both Jared Kalweit and Matt Leclair were vital components to the team. Rounding off the varsity team are solid runners Jason Bravman and Pat Metigue, who provided crucial points in every meet.

The girls soccer team accomplished a fabulous season, ending with a 12-5-4 record and winning their first tournament game in six years under the coaching of Wes Shrum. The seven seniors were the base of this team, with quite a few underclassman backing them up. Juniors Cailyn McDermott, Jane Medeiros, Sarah Fullam and Emily Childs spent their third, well deserved year on this team and added a lot to the squad. Freshman goalie Caitlin Lawrence was a godsend and can only improve. Freshmen Stephanie Jones and Ryanna Robbins contributed along with sophomores Vanessa Clark and Jillian Pacheco. All-stars Christel Kalweit and Julie Stephenson were the backbone of this team. This is Coach Shrum's last year and he will be missed tremendously. We love you, Shrummy!

An ode to Cheerleading

— Red Raiders cheerleading season was a lot of fun,
but now it's 2000 so we're glad it's done.
— Everyone knows that cheerleaders are cool,
and they all get jealous when we make the boys dro
— Our new uniforms were flashy and black,
which made us look intimidating and ready to attack.
— Even though we were good
the football team didn't do as well as they could
— Friday night games were kind of a pain.
We even cheered in the pouring rain.
— For the Saint John's Prep game we showed up late,
but hey, we almost got asked on a date.
— Parents' Night was a little sad.
Coach Burke made the Taunton coach really mad.
— For the seniors' last game on Turkey Day,
the Raiders played spectacular and blew the Clippers
away.
— At practice we all sweat like beasts,
So after the game we were ready to feast.
— Candy, posters, confetti, and rooms
Sorry, football players' moms. Take out your brooms,
— Wendy's, you guys are so great.
You can always find us there really late.
— Thank you, Mr. Palmer, for all you have done for us
Especially getting the football players a competition
bus.
— The seniors that are leaving are going to be missed
but next year Taunton is going to be missed.
— All our memories and good times together
Are something we will treasure forever.

Congratulations, OCL Champs!

This year was an interesting one. We were 18-4 overall, winning the Old Colony League championship (for the tenth year in a row), the South Sectional Championship, and placing 12th in the state finals. Senior tri-captains Tim Moynihan, Tyler Gold, and Tyler Eldridge were Old Colony All-Stars, Tyler Eldridge won the sportsmanship award, Tim Moynihan was on individual medalist in the south sectionals and Tyler Gold placed 10th in the state. Tyler Gold tied for first place in the Cape Cod Schoolboys and lost in a three-hole playoff. Tim Moynihan scored a hole-in-one during practice round on the 8th hole at Waverly Oaks Golf Course. This year also brought Coach Kingman's 200th win (overall record 205-23-2). All of the other golfers, including juniors Colby Bateman, Nick Dunn, Nate Edwards, sophomores Pete Askew, Sam Boger, Adam Dupuy, Kerry McNamara and freshman Ryan Richardson contributed to another successful season. Coach Kingman is looking forward to next year and wishes the seniors the best of luck in the future. Remember "Santori!"

The Red Raider hockey team is off to a great start to their 2001 season. Nearing the season's midpoint, the team boasts an impressive 5-2 record. Leading the way are captains and offensive threats Nick Dunn and Jason Bravman. An exceptionally strong core of seniors led by Tom Hurrie and Dan Provitola up font and Junior Andrew Parker, provide even more offensive power to the team's arsenal. Defense men Dave Hunt and Bob Doherty give experience to a young group of up and coming stars; especially noted are Chris Donovan, Ryan White and Jeff Tivey. In goal the Raiders are solid; Pete Appleton is having another incredible season and is once again considered a top goalie in the state. The team is well on its way to another stellar season. They hope to both qualify for the state tournament and win the OCL championship.

The girls basketball team started off slowly, dropping three games to tough opponents. They picked it back up over winter break, winning the Cape Cod Classic for the first time ever, taking off on a six-game winning streak. That streak ended with a loss to North Quincy, but the girls, enjoying their best record in years, beat several challenging opponents, including Taunton and an undefeated Bridgewater-Raynham. The team is looking to achieve their goal of qualifying for the state tournament under first-year varsity coach Margaret Jones. With only nine players on the squad, the team relies on everyone's talent to win. From impressive scoring, to intense defense, to powerful rebounding, the Barnstable girls basketball team loses and wins together.

With few returning players, and the star out for the season, the basketball team did not know what to expect this season. But so far they have surprised their opponents and themselves, beating some tough teams and shocking everyone. Senior Tri-Captains Derek Andrade, Ben Vaneria and Kreg Pearless, along with senior Mathew LaSalle and junior Jeff Way, start for the Red Raiders in this 2000-2001 season. With good outside shooting and a steady diet of Pearless in the middle, the Raiders are hoping for a berth in the state tournament. The major strength of this team is the depth of the bench. Senior Brian Crowley's terrific defense, along with Sumpter, Thompson, Leca, Pritchard, and Pritchard, will all log quality minutes for Coach Morrissey. The team hopes for the best as the season comes to a close.

This season the gymnastics team has had high expectations to uphold after winning last year's New England Championship. The team succeeded in having an undefeated regular season and hopes to do as well post-season. The girls did not lose anyone, which helped them a lot. The two seniors, two juniors, seven sophomores, and two newly added freshmen are a very close bunch led by senior captains Cara Lombardi and Stephanie Kelly. Captain Kelly adds that the team "are extremely good friends and it helps enormously when we compete." They hope to finish off the year the same as last year, winning the league, state and finally the New England Meet.

Coach Price and Coach Demanche: Proud of their girls!

Hey, team, are you ready to go home?

The winter track team, in only its fourth season, surprised everyone, even themselves, as they accomplished all their goals and more. The girls team finished with a 4-2-1 record and a first place trophy for the Class A Championship, even though only six girls competed in the meet. Star sisters Julie and Beth Stephenson, along with Kate Klim and Monica Anderson, led the team in points. Another highlight of the season was the girls' tie against archrival Falmouth in their dual meet. In a fitting finale, five raiders were named to the Old Colony All-Star team: Kate Klim, Julie and Beth Stephenson, Monica Anderson and super soph Stephanie Jeffers.

The boys ended with a 3-4 record, with six of them going to the Class A championship. Seniors Bart Mueller, Brian Masatta, Jon Heywood, Daryll Acker and Pat Evans, along with junior Jared Kalweit, were the stars for the boys team this season. The 2000-2001 Raiders, after posting the best season in winter track history, can be proud of what they accomplished.

Congratulations, Class A Champs!

We've Come A Long Way
At tryouts, many girls showed anxiety
We then teamed to form a sobriety
For most this was their very first year
So we taught them the basics on how to cheer.

At Practice, we all gather around
The noise we make is quite a sound
It's here we learn of each other's athletic ability
In order to know who can mount with the best stability.

At games, we cheer for the girls and the boys
We get the crowd to make lots of noise
We anxiously watch the clock without making a scene
As seconds go by, leading up to our half-time routine.

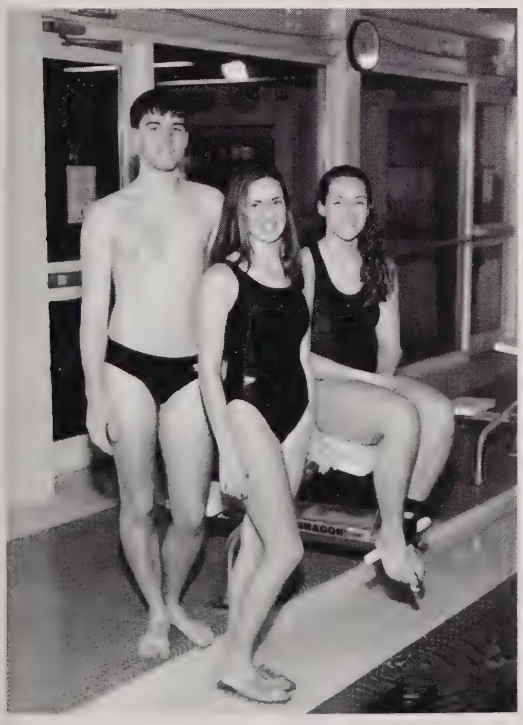

At competition, we are excited and upbeat
We keep those in the crowd on the edge of their seat
We've pushed ourselves to make it where we are
We owe it to our coaches, who made each one of us a star.

What a propensity you have always had to light up a room with your presence
To make so many smile, and to laugh, and to love
You have entertained us with your wit, your charm and you made us wonder
Where you acquired the uniqueness that you possess
Congratulations and good luck Chris. May your future bring much happiness and success
We all love you so much
God bless

Good Luck, Tyler!

Life is full of Firsts

Ashley,

The First day we brought you home from the hospital we were filled with joy & anticipation of many happy memories to come.

Your First day of nursery school you stayed in the corner with your blanket sucking your finger.

The First day of kindergarten you wouldn't go into school without me.

The First day you said: "Mom,you can drop me off, you don't have to come in."

The First time you got on the bus in 5th grade to start your long journey to Sacred Heart all by yourself, not knowing a soul. The tears broke our heart.

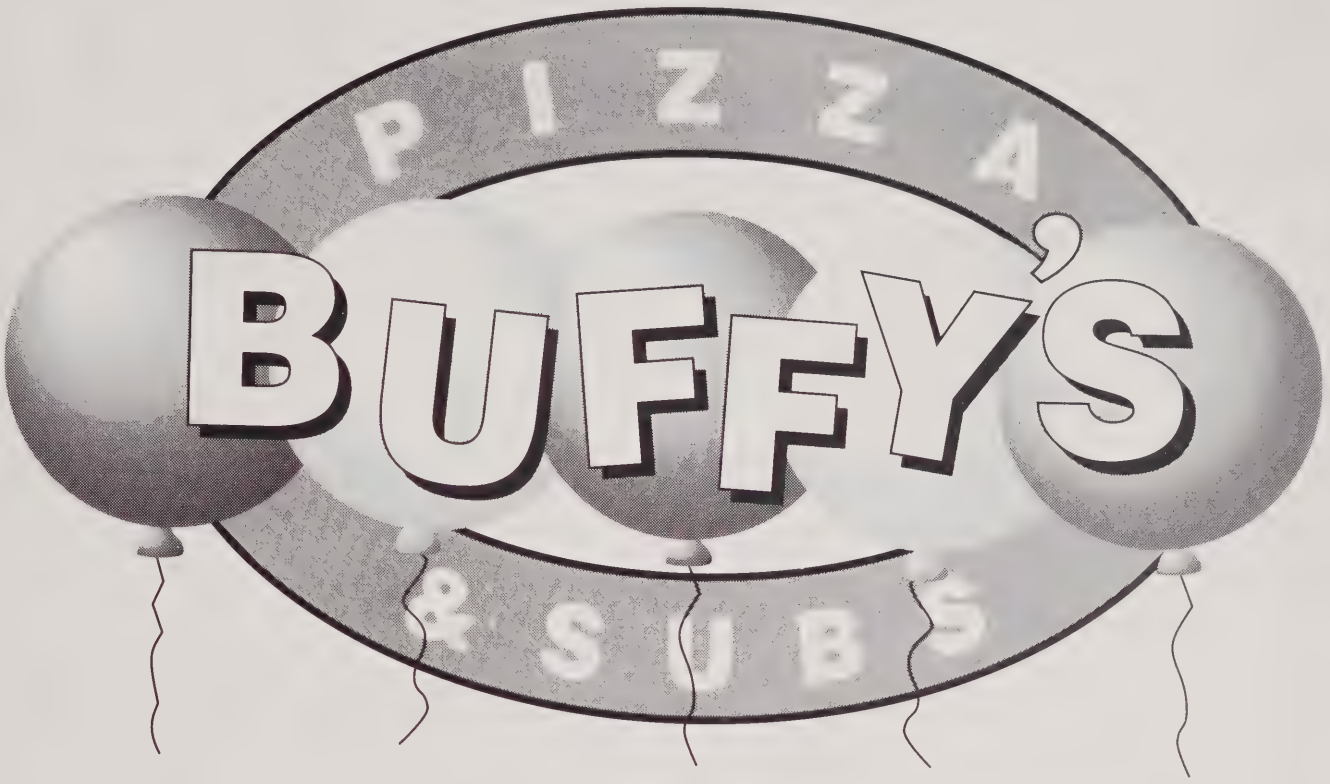

The decision to leave Sacred Heart & begin your First day at BHS in your Freshman year was scary, as you were the new kid on the block and so many friendships had already been formed.

The First time you "suited up" for the BHS volleyball team was one of the happiest & proudest moments of your life.

Now you have reached the end of your High School career & are ready to embark on your very First time on your own...college, the goal you have worked tirelessly toward. We are extremely proud of the person you have become & all you have accomplished & urge you to be the best you can be & have fun along the way.

Love,

Mom & Dad

Good Luck to all of you

Attitude

The longer I live, the more I realize the impact of attitude on life.

Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than success, than what people think or say or do.

It is more important than appearance, giftedness, or skill.

It will make or break a company . . . a church . . . a home.

The remarkable thing is, we have a choice every day regarding the attitude we will embrace for that day.

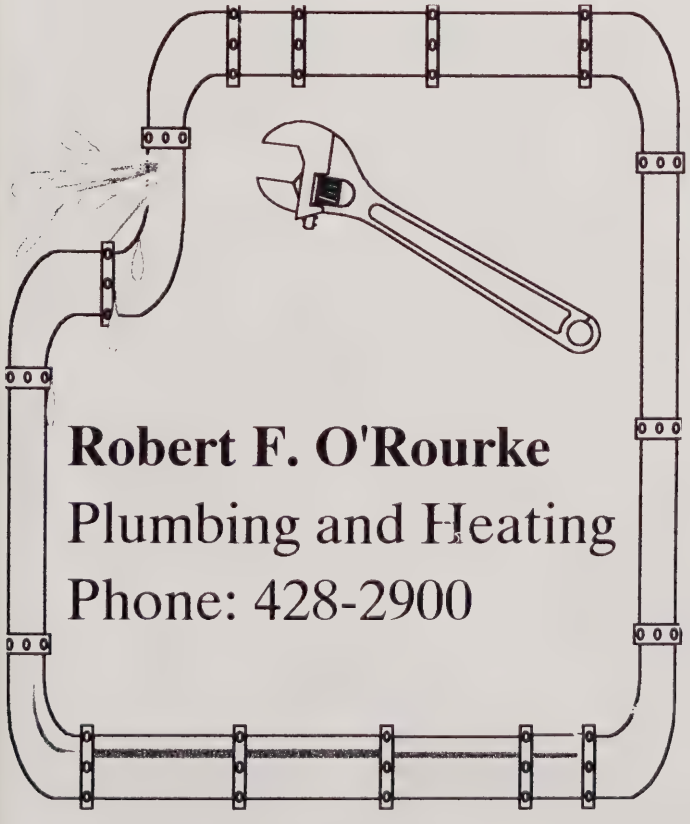

We cannot change our past . . . we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play on the string we have, and that is our attitude.

I am convinced that life is 10 percent what happens to me and 90 percent how I react to it.

And so it is with you . . . we are in charge of our attitudes.

"Like poop through a goose."

"I really think this year we can finish the yearbook before Christmas." Andrew's lamb cap. Bring enough Medication for everyone! Clothing advice. Leonard DiCrappio. Pizza parties. Copy boys. Type Z personality. Cropping lessons. You guys are as smart as a "sack of hair." Glory days of Verona, New Jersey. why do we have boys on this staff? Sense of humor picture. Dictators Reed and Carly. Has anyone seen Evan's senior picture? They fell off the swing set. "Kids, no more jokes for the rest of the year." Can this go in the write up? Klim's dark humor. Heated superlative debates. Mechanically separated chicken. Campbell + Cameron = the Scots. Lisa get off the phone! Homemade lunches. Teacher gossip. Where'd Laura and Jason Go? "I put the check on your desk, didn't you get it?" Mr. Campbell Impersonations. Where's the winter cheerleading write-up? Thank you to my beautiful wife, Kate, Mike, and Harry. Thanks for all the memories!

Thank you so much, Mr. O'Toole! We appreciate all the time and effort you have put into making the 2001 yearbook so fantastic! We had so much fun working with you!

To all our classmates,

It was our pleasure to put together this yearbook, which we hope encompasses many memories for each of you. Our hope is that each and every person in our class will want to look back on this book for years to come.

May all of our hopes and dreams for the future come true. May success lie ahead for us all. May we always remember, as we move on to this next stage of our lives, that our growing has only just begun.

For the staff of Barnacle 2001,

Carly Foster

P.S. A special thanks to everyone involved in the creation of the cover photos: Annemarie Klotz, who arranged them; Jon Heywood and Joey Magon, who posed for them; and Tina Marstiller, who took them.

Goodbye, everybody!
